Submittee: Wayne Broughton
Date Submitted: 2009-10-02 12:37
Title: Prairie Discrete Mathematics Workshop (PDMW) 2009
Event Type: Conference-Workshop

Location:
University of British Columbia Okanagan, Kelowna, B.C.

Dates:
August 21-23, 2009

Topic:
Pure and applied combinatorics and discrete mathematics

Methodology:
Invited talks and student poster sessions

Objectives Achieved:
N/A

Scientific Highlights:
Possible new collaboration between Nancy Neudauer (Pacific University) and Luis Goddyn (SFU) on bicircular matroids.

Organizers:
Alspach, Brian, Mathematics & Statistics, Univ. of Regina; Broughton, Wayne, Mathematics & Statistics, UBC Okanagan (local organizer); -- Craigen, Rob, Mathematics, Univ. of Manitoba; -- Fallat, Shaun, Mathematics & Statistics, Univ. of Regina; -- Oellermann, Ortrud, Mathematics & Statistics, Univ. of Winnipeg; -- Van Rees, John, Computer Science, Univ. of Manitoba

---

Speakers:
Please see attached pdf.
