

**The 11th Annual Alberta Colleges Mathematics Conference and
North/South Dialogue in Mathematics,
May 5 - 6, 2011
Lincoln Park Campus,
Mount Royal University, Calgary.**

We invite you to join us for a dialogue about mathematics and statistics. These two conferences were held together last year at Grant MacEwan University with great success. Mount Royal is very pleased to be the host this year. Once again this event is generously sponsored by PIMS. These meetings will give you a chance to meet with colleagues from many of Alberta's post-secondary institutions and discuss research, teaching, technology, funding, curriculum, and other ideas of common interests to post-secondary mathematics departments in Alberta. Delegates may choose to participate in one or both events.

We will meet on Thursday, May 5 from 8:30 am in room EA 1014 for coffee and registration. The sessions will be from 9:00 am till about 5 pm in room EA 1024 and in EA 1031 at Lincoln Park Campus, with a break for lunch. This conference promises to be very informative about the teaching issues specific to the post-secondary mathematics departments and their mathematics course offerings and outreach activities. Details of the talks and presentations will be posted at the registration website.

At 3pm there will be a **Public Lecture**:

**“ You can be as good as Babylonians in arithmetic”
by Professor Richard Guy, University of Calgary.**

After we will have Alberta Ranch BBQ for supper (vegetarian option available).

On Friday May 6 we will meet in room in EA 1014 for coffee and registration from 8:30 am to 9:00 am. The sessions will be in room EA 1031 and in room EA 1024 from 9:00 am till about 4:30 pm, with a break for lunch. There will be two different types of sessions running parallel to each other, one will include undergraduate research talks while the other sessions will be devoted to research talks. Details of the talks and presentations will be posted at the registration website.

If you have any questions, please contact the organizers Dr. Pamini Thangarajah (e-mail:pthangarajah@mtroyal.ca) or Dr. Roberta LaHaye (e-mail: rllahaye@mtroyal.ca) (please note two “l” in the e-mail)

To register please go to:
