Title: Canadian Abstract Harmonic Analysis Symposium 2010 (CAHAS 2010)

Event Type: Conference-Workshop

Location:

University of Saskatchewan

Dates:

August 5-6, 2010

Topic:

Harmonic Analysis, Functional analysis, Banach algebras, C^* -algebras

Methodology:

Lectures (Plenary and/or Invited)

Organizers:

Samei, Ebrahim - Department of Mathematics and Statistics, University of Saskatchewan

Speakers:

Mahmood Alaghmandan (University of Saskatchewan), Michael Brannan* (Queen's University), Yemon Choi* (Universite Laval), Matthew Daws* (University of Leeds, UK), Elcim Elgun* (University of Waterloo), Fereidoun Ghahramani* (University of Manitoba), Mehdi Ghasemi (University of Saskatchewan), Mahya Ghandehari (University of Waterloo), Colin Graham* (UBC), Sebastien Guex (University of Alberta), Cristian Ivanescu* (Grant MacEwan University), Jean Ludwig* (Universite de Metz, France), Miad Makareh Shireh (University of Manitoba), Davood Malekzadeh Varnosfaderani (University of Manitoba), Murray Marshall (University of Saskatchewan), Laura Marti* (University of Waterloo), Matthew Mazowita (University of Alberta), Denis Poulin* (Carleton University), Volker Runde* (University of Alberta), Mohsen Soltanifar (University of Saskatchewan), Nico Spronk* (University of Waterloo), Ross Stokke (University of Winnipeg), Keith Taylor* (Dalhousie University), Ben Willson* (University of Alberta), Qingde Yang* (University of Saskatchewan), Safoura Zaffar Jafar Zadeh (University of Manitoba)
