

EMERGING MATHEMATICS INSTRUCTOR WORKSHOP

16-20 May, 2016

University of Manitoba

This workshop aims to gather graduate students from across the Prairies (Manitoba and Saskatchewan) who are interested in issues of teaching and learning, and who plan to move into post-secondary teaching positions.

Speakers from the Universities of Manitoba, Regina and Winnipeg will share ideas on everything from technology in the classroom to issues of academic integrity. There will also be guest speakers from the University of Manitoba's Centre for the Advancement of Teaching and Learning.
