

Submittee: Peter Zvengrowski
Date Submitted: 2010-12-09 14:08
Title: Alberta Topology Seminar
Event Type: Lecture-Seminar-Series

Location:
University of Calgary Department of Mathematics and Statistics

Dates:
November 12, 2010

Topic:
Topology

Methodology:
One day meeting with three hour lectures

Scientific Highlights:
Renewed collaboration with two of the three speakers (Cohen and Gitler) and meeting the third speaker for the first time (Salvetti), learning of their current interests, most of which are of great interest to those who were able to attend the meeting.

Organizers:
Bauer, Kristine, Dept. of Mathematics and Statistics, Univ. of Calgary Zvengrowski, Peter, Dept. of Mathematics and Statistics, Univ. of Calgary

Speakers:
