Submittee: Raymond Spiteri
Date Submitted: 2009-05-21 15:55
Title: Prairie Network for Research in the Mathematical Sciences Third Annual Meeting
Event Type: Conference-Workshop

Location:
University of Saskatchewan, Saskatoon, SK

Dates:
April 29 -- May 1, 2009

Topic:
Pure Mathematics, Statistics, Applied Mathematics and Theoretical Physics, Industrial and Computational Mathematics

---

Methodology:
4 plenary speakers; approximately 36 contributed talks; 2-day workshop on Cell BE programming

---

Objectives Achieved:
bringing researchers from the prairie provinces together to stimulate collaboration

---

Organizers:
Spiteri, Raymond, Computer Science, University of Saskatchewan Bremner, Murray, Mathematics and Statistics, University of Saskatchewan Soteros, Chris, Mathematics and Statistics, University of Saskatchewan Sowa, Artur, , Mathematics and Statistics, University of Saskatchewan

---

Speakers:
