

**Submittee:** Pau Farre

**Date Submitted:** 2014-04-14 09:57

**Title:** Frontiers in Biophysics 2014

**Event Type:** Conference-Workshop

---

**Location:**

At the IRMACS Centre, located on the Burnaby Campus of Simon Fraser University, at the south end of the Applied Science Building, Level 3 (Room 10905).

---

**Dates:**

March 15th, 2014

---

**Topic:**

Modelling problems in cellular and molecular biology, single molecule studies, networks of interacting biomolecules, and whole cell approaches to biophysics.

---

**Methodology:**

Lectures and poster sessions

---

**Objectives Achieved:**

Strengthen connections between multidisciplinary researchers at local institutions.

---

**Scientific Highlights:**

N/A

---

**Organizers:**

Momcilo Gavrilov (Physics, SFU), Pau Farre (Physics, SFU), and Tristan Hansen (Biological Physics, SFU)

---

**Speakers:**

Program is attached
