Title: PIMS IGTC: 2012 Symposium on Immune Cell Modeling

Event Type: Conference-Workshop

Location:

University of British Columbia, ESB 4133

Dates:

November 8, 2012

Topic:

Immune Cell Modelling

Methodology:

A series of relatively informal talks on aspects of immune cell signalling, experiment and modelling were given.

Organizers:

Daniel Coombs

Speakers:

Raibatak Das (UBC postdoc) // Jesse Goyette (Oxford postdoc) // Jun Allard (UC Davis postdoc and IGTC alumnus) // Spencer Freeman (UBC graduate student) // Omer Dushek (Oxford faculty and IGTC alumnus).
