

Math Circles Workshops for Elementary School Students at UBC

Students of grades 4 to 7 are invited to challenge and develop their thinking and creativity skills at the Math Circle Workshops.

This is an enrichment program for students organized by the faculty members of the Department of Mathematics at the University of British Columbia and the Pacific Institute for the Mathematical Sciences.

The goal of these workshops is to convey to students the importance of mathematics in the real world as well as how much fun mathematics can be. We want to get the students excited about mathematics and to give them a setting that encourages them to become passionate about this subject.

The Math Circle Workshops will commence in September 26, 2016 and will continue through to the end of April, 2017. The sessions will take place on **Monday evenings from 4:30 to 6:00 pm, at the Earth Science Building (Main Mall 2207), room 2012.**

- The first Math Circle Workshop on September 26 **is free** and the following workshops will be \$5 per child (parents are free).
- To book any of these days or for more information send an email to melania@math.ubc.ca .
- Drop-Ins are welcome if seating is available.

Schedule Fall 2016 Room ESB 2012
