

**Submittee:** Douglas Farenick  
**Date Submitted:** 2009-12-14 11:31  
**Title:** Northwest Functional Analysis Seminar  
**Event Type:** Conference-Workshop

---

**Location:**  
Banff International Research Station

---

**Dates:**  
October 17-18, 2009

---

**Topic:**  
Recent research advances in functional analysis

---

**Methodology:**  
Lectures, followed by Question & Answer Period

---

**Objectives Achieved:**  
The workshop showcased the work of young and emerging researchers in functional analysis who are presently linked to PIMS institutions or at western Canadian universities.

---

**Organizers:**  
Brenken, Berndt, Mathematics and Statistics, University of Calgary -- Emerson, Heath, Mathematics and Statistics, University of Victoria -- Farenick, Douglas, Mathematics and Statistics, University of Regina -- Troitsky, Vladimir, Mathematical and Statistical Science, University of Alberta

---

**Speakers:**  
Please see attached program
