

The Pacific Institute for Mathematical Sciences
International Graduate Training Center (IGTC) in

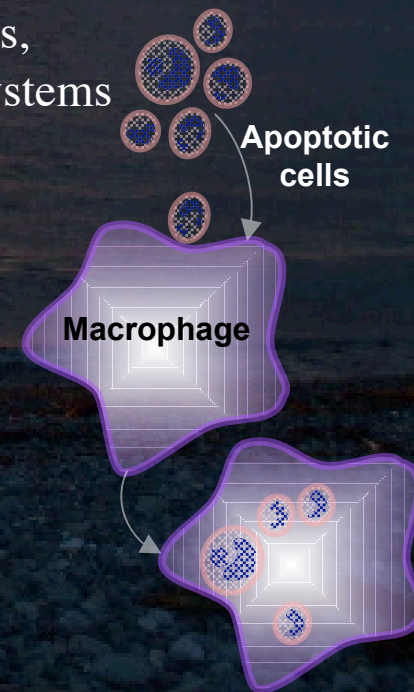

Mathematical Biology

First Summer Graduate Course

At the University of British Columbia, May 11 - June 11, 2008

Instructors: Karl Hadeler, Bard Ermentrout, Alex Mogilner, Leah Edelstein-Keshet

Topics: cell biology, transport and dispersal, excitable systems,
nonlinear dynamics, biomedical models, reaction-diffusion systems

Financial assistance available

Sponsored by PIMS and MITACS
