Title: Joint SFU/UBC Graduate Student Workshop in Statistics

Event Type: Conference-Workshop

Location:

RM 7000 Harbour Centre, 515 West Hastings Street Vancouver, BC V6B 5K3

Dates:

March 17th, 2012

Topic:

Statistics

Methodology:

Three students and one faculty member from each of Department of Statistics at UBC and Department of Statistics & Actuarial Science at SFU gave a presentation.

Objectives Achieved:

Students presented their research works and practiced oral skills. The faculty members shared their own experiences as a graduate student and offered valuable suggestions for a successful graduate life. Students from both sides interacted during the workshop as well as with the faculty members, which made us believe the workshop achieved its goal.

Organizers:

Huang, Yi, Statistics, UBC // Zhang, Hongyang, Statistics, UBC // Xiong, Chao, Statistics, UBC // Belibeau, Audrey, Statistics & Actuarial Science, SFU // McCorquodale, Megan, Statistics & Actuarial Science, SFU //

Speakers:

The information is contained in the uploaded file.
