

Submittee: Matias Salibian-Barrera
Date Submitted: 2009-08-18 14:09
Title: SSC 2009 Annual Meeting
Event Type: Conference-Workshop

Location:
University of British Columbia, Vancouver, BC

Dates:
May 31st to June 3rd, 2009

Topic:
Statistics

Methodology:
Plenary sessions, invited paper sessions, contributed paper sessions, poster sessions, case studies, software and book displays.

Objectives Achieved:
The conference provided an effective forum for the exchange of research results and ideas among a large number of academic, government and private company statisticians, and students from across Canada and beyond.

Organizers:
Local Organizers: Heckman, Nancy, Department of Statistics, University of British Columbia
Salibian-Barrera, Matias, Department of Statistics, University of British Columbia
Wu, Lang, Department of Statistics, University of British Columbia

Speakers:
Please see the conference program at

Comments / Miscellaneous:
PIMS has contributed \$2000 directly in cash, plus \$2500 as part of the PIMS / MITACS / CRM /

Field Institute sponsorship of \$10000, PLUS very substantial help with its personnel time and expertise. In particular, we would like to acknowledge the help of Adam Wojtowicz at the PIMS UBC office.
