

SECOND ANNOUNCEMENT

The International
ENVIRONMETRICS
Society - TIES

TIES 2008
19th Annual Conference of
The International Environmetrics Society
June 08 -13, 2008

The University of British Columbia Okanagan
Kelowna, British Columbia, Canada

Theme: Quantitative Methods for Environmental Sustainability

Conference Technical Topics include:

Analysis of extremes
Assessing status and trends
Design and analysis of computer experiments
Reporting and indicators
Risk assessment
Monitoring, modeling, managing environmental systems
Network design and efficient data collection
Space-time modeling

Applications to:
biodiversity, climate
change, sustainable
agriculture, air quality,
water quality, soil
contamination, energy,
environmental
economics, ecosystem
and human health

Co-chairs:

David Brillinger
University of California Berkeley

Sylvia Esterby
University of British Columbia Okanagan
