

Announcing
The International Graduate
Training Centre in
Mathematical Biology

First Graduate Research Summit

at the

University of British Columbia
Sept. 28-30, 2007

The IGTC is a new PIMS initiative to develop and enhance graduate training opportunities in Mathematical Biology in the Pacific Northwest. Interested students, post-docs and faculty are invited to participate in this unique summit which will include plenary talks, contributed talks, a poster session, and a professional development seminar.
