

THEORY CANADA 7

7-9 June 2012

University of Lethbridge

Lethbridge, Alberta

<http://theorycanada7.ca>

Theory Canada is a national conference in theoretical physics, run by the **Division of Theoretical Physics** of the **Canadian Association of Physicists (CAP)**. It is offered as a satellite meeting to the Annual Congress of the CAP.

SESSIONS & INVITED SPEAKERS

Gravitation, Cosmology & Astrophysics

Harald Pfeiffer (CITA)

Levon Pogosian (Simon Fraser)

Quantum Gravity & Strings

Keshav Dasgupta (McGill)

Cecilia Flori (Perimeter)

Subatomic & Mathematical Physics

Thomas Grégoire (Carleton)

Tom Osborn (Manitoba)

Quantum Physics & Information

Giulio Chiribella (Perimeter)

Barry Sanders (Calgary)

Condensed Matter & General Theory

Jordan Kyriakiris (Dalhousie)

Gordon Semenoff (UBC)

Banquet speaker: Sheilla Jones, author of "The Quantum Ten"
(co-sponsored by UofL Women Scholars Speaker Series)

SPONSORS:
(as of 25/5/12)
